

## Career Search

<b>Grade Level</b>	Tenth
<b>Minimum Time Required</b>	180 Minutes
<b>Materials/Resources</b>	Choices - software program, library, OOH, Internet
<b>Subject Area(s)</b>	Guidance

### Project Description:

1. Introduce students to the Choices career exploration software program. Have them complete the interest survey to begin directing their career search.
2. Ask them to research the career they feel is a “serious” consideration in their future. Library and/or Internet resources may be used.
3. Have the students create and write a formal paper on their choice. The report should be divided into four sections:
  - a) Defining your profession.
  - b) Significant person in career field.
  - c) History of the career
  - d) Facts about employment and outlook

<b>Career Development Standard</b>	Understanding of the influence of a positive self concept. Skills to locate, evaluate, and interpret career information.
<b>Career Development Indicator</b>	Identify and appreciate personal interests, abilities, and skills. Demonstrate an understanding of how individual characteristics relate to achieving personal, social, educational, and career goals. Demonstrate use of range of resources (e.g. handbooks, career materials, labor market information, and computerized career information delivery systems).
